Customer Reviews

I am a BSN, RN in a rural area. I have practiced nursing in a rural area my entire career. Until I

found this book on , I did not know there was a Rural Nursing Theory. I am thrilled to see that there is.

I have found the articles within this text to describe rural nursing accurately. I would recommend it to nurses teaching in rural colleges.

This textbook was a gentle read during a research semester. I found content applicable and easily read.

Excellent seller. Arrived very quickly and just as described!
