Customer Reviews

An excellent, concise coder for a very messy, very complicated system. The color-coded blocks help with the "branching off" of numerous diagnostic codes. Vastly superior to the Ingenix coding sheets.

ICD-10 Rapid Coder prevents one from having to go to a book to look up the new codes. The text just slow me down while trying to search the progress noted to find the correct code.

Don't know how this all will work as ICD 10 is not implemented yet. It looks very detailed and color coded for the price. Think it will work out very well.

Too small, hard to navigate, codes missing, NOT RECOMMENDED.

Directions for use should be made clear and easier to read
