Customer Reviews

DHL has been reviewed by so many people for decades, and he's not for everyone. However, he was an amazing and complex writer who was a champion of the English language. He also led a fascinating life, and sadly died young, a great loss to the world.

I'm not a D.H. Lawrence specialist but this strikes me as very satisfying collection of his novels, essays, poems and short stories. They are well ordered and accessible in the Kindle format - hard to ask for anything more...well done Delphi.

Yeah...convluted but a great read pretty much sums this up. My digital copy is covered in highlights because there is some incredibly insightful commentary on the temporal and spiritual experience but I wouldn't call this an easy read. His writing is a bit all over the place but this isn't the type of material I usually read and I enjoyed his vision and wit.

I was nearly finished with the last book in this complete works when it was updated by the publisher. This last book was removed! I complained to kindle support. They said several hundred people had complained. They were to contract Delphi. It's been over a month. Very angry. This last book cannot be found anywhere. There is no way to contact the publisher.

The description advertises "The Plumed Serpent" as being included in the collection. It was not in mine. Otherwise a decent selection.

The Book is probably okay but I cannot select each novel and there is no list of contents to choose a novel from. It's technology not the stories and it just gets in the way of it!!!I love my Kindle but someone needs to look at this complete works.

Unfortunately, I bought this Delphi Works of D.H. Lawrence back in 11/2011. It is missing 4 of the novels including Lady Chatterley's Lover and 4 of the novellas, several of the poetry collections, much of the non-fiction,biographies and the paintings. I contacted Kindle Support for an upgrade but after some 20 minutes on the phone they were unable to help me. Maybe I'll try again some other time. Still worth it but when you order be sure you get the complete version.

I had 'suspicions' about Lawrence as a writer many years ago. The Delphi collections offer a very convenient way to read the 'classics', and so I purchased the works of Lawrence (amongst others - Dostoyevsky, Orwell, Verne etc). Lady Chatterley's Lover is what I turned to for his 'mature' phase (last novel). Perhaps it was a bad choice.
