Great stories! Enjoyed it a lot. I suggest this to everyoneâ |check it out Great to lay in bed with spouse and read them together

Recently had to take a train from NYC to LA. My boss hated to fly and figured we would work along the way. Yikes! I had loaded my I-pod with audio books. Boss picked up Pod and was shocked by

content on audio books. Especially PH books. Long story didn't get a lot of work done and had some some fun across the Rockies. Never got to the Tom Clancy's books!

We've all heard the jokes about Penthouse Letters being made up and after reading the first five "letters" in this edition I'm inclined to agree. I find it a little coincidental that all the letters are just about the same length. I'm open minded but the first five stories are too unbelievable even for me, the fifth one about a biker bar being totally disgusting. I've bought other Penthouse Letters and have enjoyed them but I don't know if I can finish this one. Update: (6/04) Since I paid for it I figured I might as well finish it which was difficult to say the least. I can't believe there's so many men out there that want to "share" their wives with other men while they watch and then join in later. I'm kinky but as far as I'm concerned sex is between two people. I've started another book and am crossing my fingers on this one.

It is a nice addition to the Penthouse collection of magazines. It along with Forum provide a collection of letters that are great to read and funny in some places.

Fans of the series will enjoy this one.

It is a good book however, I wonder if these are true stories? Some seem a little "out of reach" but fun to read anyway!

Seems ok....I think the magazines are better tho...the stories are shorter and 'sweeter'...with pics. I will not buy again.
