TEN (My Brothers Best Friend)

Synopsis

18 ONLY. This title is part of a new series (The Men By Numbers Series) BUT can be read as a standalone. Ten years old I fell in love. Ten years was the price of that love. Ten years later our worldâ™s re-collide. My brother, Jonah, was possessive when it came to the things he owned. This unfortunately included the people in his life. The forbidden love between his best friend and me was just thatâ | forbidden. Our families were from different walks of life, and as a sheriffâ™s daughter, being with a Mooreâ™s kid would never be tolerated. To my parents, their son and Dalton Moore were on different paths, and their friendship would end as soon as college began, but it was my brother who had a craving for trouble. He was always looking for danger, committing petty crimes and getting away with it because Dalton would take the fall, blackening his already stained name. When Jonah found out we broke the rules by loving each other, his actions impacted us all causing immeasurable suffering. Betrayal comes with a debt, and it would be paid by all of us. One with their heart, one with their mind, and one would pay in blood. This title had a fresh edit June 24th.

Customer Reviews

I love a brotherâ™s best friend book, no like seriously love them so much itâ™s ridiculous. So of course I was all over reading Ten when I heard about it. However, this isnâ™t exactly a

brotherâ™s best friend book. Yes, Dalton is best friends with Jonah and Alex is Jonahâ™s sister, but the story runs so much deeper. The story is told in dual POV and reflects back frequently to the characterâ™s pasts. We first meet Alex and she is only ten, but immediately sees her soulmate in Dalton. It isnâ™t a romantic, but she feels a connection to him instantly. As they grow up their connection gets strong and eventually leads to love. When the story picks up we learn there has been an obvious fallout between Dalton and Alex, but we donâ™t know all the details until the story unfolds. Let me tell you, this story unfolding was shocking and a little confusing at times. There is so much hostility toward Alex and in the beginning it was confusing and I was at a loss as for why things were the way they were. Some moments were pretty horrendous and I guess I wanted justification for how Alex was treated sooner. The story is fast moving and I will say I didn't want to put it down. I had a huge desire to learn about their past and what had happened to shape these two into the people they are now. To really see why these things were happening now, years later. I did really enjoy the story once it started moving, but the beginning I had so much resentment towards Dalton. I would have preferred to know more in the beginning so I could focus more on the characters and their relationship. Overall this is a quick moving story that at times is over the top. There is a serious connection between Alex and Dalton, but it was mainly just words, I never saw the actual connection between the characters.

This one was like, "Ker Dukey lite" it wasn't as dark as some of her other stuff was but it sort of flirted with that darkness. I have a weakness for an older brothers best friend book and this one was no exception. It was well done though I would have liked some more time "sneaking around," I love the tension and angst that comes from that. Alex was a resilient girl. She lost the love of her life when she was sent away at a young age and she had to deal with his silence after that. She managed to build a new life for herself and hold close the memories and pieces of Dalton she was left with. When she has to go back home following the death of her father, she comes face-to-face with her would-be soulmate. Dalton is not the sweet boy she remembers and Alex is faced with learning how to interact with this new Dalton while trying to figure out what happened to keep him away all these years and cause him so much animosity toward her. When all is said and done, Alex believes that she belongs with Dalton. Dalton's had some rough years since he last saw Alex. With his last memories of Alex steeped in hurt and betrayal, he has no desire to see the girl he once loved. She stumbles right back into his life and he seethes at the sight of her. Heâ™s conflicted because he canâ™t stand to be around her yet he once loved her more than heâ™s ever loved any other person. With Alex back in town, Dalton has to face some hard truths and take a serious

look at the life heâ™s leading. Alex and Dalton have a lot of hurdles to overcome if they ever want to find their way back to one another. I also really enjoyed Daltonâ™s friend Six! Just saying. Itâ™s hard for me to go wrong with a âœolder brotherâ™s best friendâ• romance and this book was no exception.
