Life Before Birth

Synopsis

Life is special...A book for Christian families and others who teach the dignity of Life Before Birth to this and future generations. Dr. Parker and his wife, Mary, explain the Biblical view of life before birth. Such topics as abortion and birth defects are covered in a special way. An important book for families developing a Christ-centered view of human life. 88 pages 8-1/2 X 11 Casebound Gary Parker, Ph.D. , is a zealous creationist and professor of biology at the Institute for Creation Research in San Diego. He lectures worldwide for both ICR and Answers in Genesis, has written 5 science textbooks and 7 creation books (translated into over 10 languages), and appeared in numerous films, videos and television programs. Gary and his wife, Mary, also run family camps, workshops, and credit courses through the Creation Adventures Museum near their home in Arcadia, Florida.

Customer Reviews

by Dr. Gary and Mary ParkerDr. Parker and his wife, Mary, explain the Biblical view of life before birth.Such topics such as abortion and birth defects are covered in a special way.illustrated byJonathan Chong and Lloyd R. HightLife Before Birth is a beautiful family conversation '.Chapter One "Knit Together""Did you ever wonder where babies come from, or what you looked like while you were growing inside your mother?...The Bible tells us that each of us started as a plan in the mind of God. The tools of biology let us see how God knit us together inside our mothers." p.

6Chapter Two "No Useless Leftovers"discusses the Bible, biology, and evolution."...the best summary is still there in Psalm 139. God planned my life before I was born. Then He took my unformed substance - my first cell - and knit me together...Like each and every other person, I am fearfully and wonderfully made."p. 47Chapter Three "Planned by God"addresses difficult topics such as birth defects, abortion, etcfrom a Biblical world view in a way children can understand."maybe before any mother can have an abortion,she should see pictures of what her baby looks like.She should be told how the baby is alreadyswimming and kicking and even thumb-sucking..." p.60Chapter Four "Beginning at the beginning"the WHOLE story '...including the effects of sin and God's plan of salvation."God's building plan for us begins to take shape when egg and sperm make our first cell. His plan continues as we are born and grow up. But God's plan for us is not fully complete until we are reborn with perfect bodies in heaven!...being born is wonderful.
